**Comments**                      Kurt, if mailing use PO Box, if courier use home address. Also would like opening approx 5 feet from end (opposite the bbq) so we can go in and out from garden. Don't worry about separate curtain for bbq, we will rig it up so we can drop the curtain and tie back when using it. Any questions email me. I leave Sunday for 5 days. Hopefully it will be waiting for me when I get back.  
Bonny

**Comments**                      Hi Elizabeth,  
I am fairly certain now that I have figured out a good plan for our porch! We will hang inside the railing and use magnets randomly to secure to the railing to keep it from blowing in....If you feel as though the ivory colored curtain that you mentioned is as easy to see through as the white then I think the ivory would match our trim color on the house beautifully....my only concern would be that it might look "dingy" or dirty compared with the "crispness" of the white...but if you think not...then I am all for it! If you could send me a small swatch of each...maybe I could make a better decision.  
Thank you Elizabeth (and Kurt!)....and call if you have any questions!  
Kelly Quill

**Comments**                      I'm planning to put this on my garage opening. The opening is 17'10" so 18' should be fine. However, if it actually measures 2-3 inches shorter I'll have a problem. Should we add a few extra inches to make sure? I'll trust your judgement. Thanks!

**Comments**                      I'm not going to use tracking for sure, but if it's possible include both the velcro and more than 1 hook so that I can choose between the other two methods. I ordered 5 feet, so I'll only get 1 hook, which won't be enough to hang anything. Thanks!

**Comments**                      Kirk, Per our conversation, please cut raw netting in (2) 42" widths. Also, if you could make the netting 44" wide at no extra charge, that would be great. Regarding shipping, least cost method that gets it to me by Thursday or Friday of this week would be fine. Thanks for you help by phone. (As a memory jogger, this is the application where I will be putting the raw netting over to 36" door openings from a deck to kitchen area this coming weekend for a 4th of July get together. Hoping to do a more extensive netting project later this summer/fall on a covered porch.)  
Best Regards,  
Mike Andreoli

**Comments**                      I could not decide between black and white. I would prefer white, but am concerned about the bottom getting dirty and remaining stained. Have you had complaints about the bottom of the white curtains staining with dirt and debris? If this is an issue, please send me the black instead.  
Thank you,

**Comments**              The shipments goes to my shipper to the Caribbean. Please address the label or boxes this was:  
Caribtrans  
Attn: Denis Edeline, St. Martin  
12600 N.W. 107th Avenue  
Miami, FL 33178  
I will then need you to give me the tracking #s, as I will have to supply this to CARIBTRANS so that they can locate the packages once they are received at their warehouse. It is complicated.  
Anyway, you will probably note that I ordered a lot more track then I have in netting. The reason for this is that I have two terraces. I wanted to order enough track for both so that it could be sent with my accumulating boat shipment out of Miami the end of next week. Once I determine that I am completely happy with the black mosquito net, then I can order the additional needed and it can be sent much more easily then sending tracks!!!  
Denis  
415-577-6630  
PS It is my understanding that this order of netting will come with the black binding stitched to each end.

**Comments**                      1) Could you please provide enough hook and eyes to secure the whole order using this method as I may not be able to use the velcro attachment.  
2) Span 3 on my order: I only need 3 feet (not 5ft), but the order form didn't provide this option. (It's a separate piece to cover a door).  
Thanks, Best wishes  
Kathy
