Comments Aloha Matt ...
These panels are going on a 5x5 premier canopy tent ...
The larger panel will cover three sides and then the two smaller panels will
make-up the door way ...
There is velcro on the canopy top [which i already have] and it is the fuzzy
half of velcro ...
i would like the non opening edges of the doorway panels to velcro to the large
panel edges. [if not already done this way]
Terry - 805-218-1538
Thanks ...
Aloha ... Terry

Comments Panels 1 - 4 are actually 94.5 inches not 95 inches but order form does not allow fractions.
As we in summer in Australia and would like to use for christmas dinner outdoors we would appreciate quick deliver and freight mode.
If the fibreglass rods can be cut down to 94.5 inches it may save on freight, alternatively I can source locally if you advise the diameter required.
Please advise if cost changes as we need to keep under \$1000 to avoid Australian taxes.

Comments replacement panel...thanks to my dog. I am reordering the exact same size as I did in May,2011. I am hoping that nothing has changed as far a measurement guidelines. May I also get about 15 screws for the tracking please. We were short when we installed them and we can not find flat small headed screws to fit in the tracking. Please don't ship until after February 20th, 2013.

Comments

Matt,
I placed the order based on our discussion. I also wasn't able to apply the "Earlybird" coupon we discussed - you verbally told me it would be able to be applied - can you fix this and give me a credit?
Also, can you do a sanity check on my order. I re-measured my panels as we discussed, they are slightly wider.
Note: on the two 16' 2" panels, the height on one end was 123 1/2" and 125" on the other end, so I just am ordering them at 124" height for the entire width. If you think they should be different for this situation, let me know or adjust accordingly.
Thanks for your help.

Comments Kurt, UPS would be our first preference for shipment, followed by USPS, then
fedex. Fedex is a pain as they deliver when we are not home. UPS is best.
We're in no rush to receive -- huckleberries won't arrive for a few months!
Thanks.
Lloyd

Comments If it is possible, would you be willing to send me a very small sample (at least
12" by 12") of the white no-see-um netting? If that's not possible, it's okay.
Thank you!
~Katie
