Comments Hi, I need international shipping, likely FedEx (but not ground obviously). Can
you pls email me with a specific quote for that? I thought I could do a reverse
FedEx but the package size will be too big. Note that I expect I can get you
another 5-10 orders from the UAE just in my subdivision alone - the flies are
insane! My mobile number is 971 050 7841694 for the courier company.

Comments Hi - Just need a few things to perfect my garage door curtain that I bought last
summer! Great, Great, Great! Just needs a little securing to keep the wind from
blowing the curtain and causing the small magnets to attach to my metal garage
door! Thanks! ~Diane Brown

Comments This order is for an 8 sided gazebo. My plan is to have the ends of each of the panels meet and be attached to one of the 4 supporting columns of the gazebo that will be left open. I have ordered extra magnets, and will screw 4 of them into the columns to hold the edges of the panels. Is this the best method for securing the panels? I have added 2" to the side of each paned assuming this would be similar to a 'Wall Attachment' + 1" per panel + 2" per panel beacuse they are greater than 10'
Have I missed anything? call 416-758-2637 days or email

Comments With reference to telephone conversation with Kurt. Please send black standard raw mosquito netting with square holes. I am making panels 26" width and 50" length so if you are sending pieces they should be at least these dimensions. Please could you also send a sample of the white standard netting. Many Thanks.

Comments Does this mean that you will cut it? Apply the velcro? If so, I have ordered 54 running feet of your 144" netting. I would like to have it cut into three equal pieces of 18' and if you could run the velcro along one 18' line and another along the 12' line. I am going to cover small cherry trees with this.
If I am misunderstanding something please call me at (301)730-3766

Comments If there is any possibility of getting a mesh finished off to a 10' x 10' piece, I'd be willing to pay a bit extra. I can be reached at (206) 719-7934, if this is a possibility. Thank you, Elaine Davis

Comments I have a single opening 17'-6" wide x 9'-4" tall w/ brick walls on both ends and a stucco beam. I wanted to be able to swag them back to each side when not in use. I can't wait to get them installed, if them look as good as I think they will, I'll order a set for my in-laws new home.

Comments This is a roof panel 6-1 x 7-8 (unadjusted). 2 sides of rectangle are house with masonry surface. Plan to roll edges of roof panel over elastic cord and snap to house. Elastic cord will attach to eye-screw where 2 house sides form an angle. Split corner, so that roof panel will straddle eye-screw.

Comments Because we are having this order shipped to spain it will be much easier to source the curtain rail locally so although we want the curtain configured for rail we would like it supplied without the rail. we would be most grateful if you could do this and if there are any financial adjustments to be made just let us know and we will arrange to get it sorted. Thanks very much.

Comments Kurt:
Just to confirm, I want the 4ft 8in top edge bound to support the typical track installation. The other three sides need to be bound to support marine snap attachments. Give me a call at 980 621 4174 if you have any questions.
Thanks, Tim

Comments 2 panels 26 1/2" wide x 83" tall as screen door for a set of french doors. I have included an extra 1" on either side of the doorway to attach to the doorframe and 2" at the top, as well as a 1" overlap at the center for the snap closure. I need to attach to door jam and top with marine snaps and use magnets to close the opening at center. Please enclose whatever hardware is required with my order. Thank you and please call me at 917.691.8166 if this is not clear.

Comments I ordered an entire set of curtains about a month ago. I just want to add the extra snaps and cord to finish the job properly. I am going to be in Las Vegas the next two weeks, at the above address, and would like the extra items delivered there so that I can bring them home myself.
Thanks.
